- Built strong networking and communication skills while representing a leading fintech brand in Nepal.

EDUCATION

Bsc CSIT   Kathmandu

Amrit Science Campus (ASCOL)   Dec, 2022 - Present

PROJECTS

Web Calculator

Developed a responsive web calculator using HTML, CSS, and JavaScript, featuring a clean and intuitive interface for basic arithmetic operations
https://sijanpanta.github.io/calculatorWeb/

WordleMe

I recreated the popular game from the New York Times involving guessing the word using some maneuvers .
https://sijanpanta.github.io/WordleMe/

Trafficflow Application

Developed a cross-platform traffic flow application using Flutter, providing real-time traffic updates, congestion alerts, and optimized route suggestions. Integrated APIs for live traffic data and focused on creating an intuitive and visually appealing user interface. The app is optimized for performance, ensuring a smooth and responsive experience on both iOS and Android devices.
